The President's Message

I am pleased to advise that Australia India Society of Victoria is celebrating its Golden Jubilee anniversary on Saturday 12th May. The enclosed flyer details all of the important information about the function.

No other ethnic organisation has stood the challenges of time and reached this milestone.

We have a very strong and vibrant Indian community in Australia and combined with the tireless efforts of the AISV committee, we have achieved so much together. This event is a celebration of our success and continuing pledge to work with honesty, integrity, humility and to help all in the community with no strings attached and not to refuse assistance to anyone in need.

And so I would like to extend to you our warmest invitation to a fantastic night and a momentous occasion. Please do bring friends and family to a night that promises to be worthy of our 50 year milestone.

Dr. Gurdip Aurora

President AISV
